"Thank You! We Could Not Do It Without You!"

Thanks for the Kind Words!

"Have gone to them twice for different tire issues, once to patch a tire and the other for a full set of tires, and both times they were very honest, helpful, and willing to work with me and my budget. I cannot recommend them enough and can honestly say that they will be my go-to shop in the future for tire and auto repair! They have earned every single star they have received in these reviews." – Manual T., Bellevue, NE.

APRIL 2024

MANAGER'S MINUTE

We need your help! We are looking for another amazing Automotive Technician. We will not hire just anybody — they must be special. Not only do they need to have a passion for repairing automobiles, but they also need to LOVE taking care of people like you! You know how we roll down here and that we hold our people to high standards. If you know of anyone who would be a good fit, send them our way! If we hire them and they stick around, we will reward you with \$500 cash!

See You Soon!

– Mark

TOTALLY TRIFLING TRIVIA!

CANADA EXTENDS AS FAR SOUTH AS CALIFORNIA. Canada is famously known as the Great White North, but most of its citizens live in the country's southerly regions — which are more southerly than you might think. In fact, 60% of all Canadians live south of Seattle, Washington. All in all, 27 states in the U.S. are totally or partially north

of Canada's most southern point, near Middle Bass Island in Lake Erie. Areas above that highest point even include a small sliver of California, which may seem counterintuitive considering the state contains one of the hottest places on Earth (Death Valley)!

APRIL 7 IS WORLD HEALTH DAY

World Health Day is a global health awareness day celebrated every year under the primary sponsorship of the World Health Organization (WHO). In 1948, the WHO held the First World Health Assembly. The Assembly decided to celebrate April 7th of each year, beginning in 1950, as World Health Day. World Health Day is held to mark WHO's founding & is seen as an opportunity by the organization to draw worldwide attention to a subject of major importance to global health each year. The WHO then organizes international, regional & local events on the Day related to the chosen subject. The theme for World Health Day 2024 is 'My health, my right' and was chosen to champion the right of everyone, everywhere to have access to health services, education, and information, as well as safe drinking water, clean air, good nutrition, quality housing, decent working and environmental conditions, and freedom from discrimination.

EASY COFFEE CAKE RECIPE

This homemade coffee cake recipe is easy to make and a favorite for breakfast, brunch or any celebration. It's light and moist with a streusel filling and crumb topping!

• Prep Time: 10 min • Cook Time: 35 min • Cool Time: 15min • Total Time: 1hour • Servings: 9

Ingredients		FILLING
• ½ Cup Vegetable Oil	• 2 Teaspoons Baking Powder	• ¼ Cup Brown Sugar
• ½ Cup Milk	• ½ Teaspoon Fine Sea Salt	• 1 Teaspoon Ground Cinnamon
• ½ Cup (100 Grams) Granulated Sugar	Or Table Salt	• 1 Tablespoon Salted Butter, Melted
• 1 Large Egg		
• 1 Teaspoon Vanilla Extract		TOPPING
• 1 ½ Cups (195 Grams) All Purpose Flour		• ¼ Cup All Purpose Flour
		• ¼ Cup Granulated Sugar
		• 3 Tablespoons Salted Butter, Slightly Melted

Directions	FILLING
1. Preheat the oven to 350°F. Line an 8x8inch baking dish with parchment paper, if desired.	1. In a small bowl, combine the brown sugar and cinnamon. Sprinkle over the top of the batter. Drizzle the melted butter evenly over the top. Pour the remaining batter over the filling.
2. In a large bowl, whisk together the oil, milk, sugar, egg, and vanilla.	TOPPING
3. Add the flour, baking powder, and salt to the bowl and mix together with a wooden spoon. Pour half the batter into the baking dish.	1. In a small bowl combine the flour, sugar, and butter. Crumble evenly over the batter. Cover dish loosely with foil and

Remove from the oven and let cool at least 15 minutes before serving. Slice into 9 squares and serve.

APRIL IS NATIONAL CAR CARE MONTH!

HERE ARE SOME SAFETY & PERFORMANCE REMINDERS FOR SPRING DRIVING...

- Batteries:** Winter weather takes a toll on batteries. Have your repair professional check out the charge level.
- Wiper blades:** The wear and tear of winter months can leave you and your blades a bit frayed. Replace blades to keep your vision clear.
- Tire exchange:** Swap out those winter tires for all-season or summer treads. Warm temperatures dramatically accelerate wear on the soft rubber compounds.
- Tire replacement:** If you haven't checked tread depth recently, take a quick look and see if your tires are holding up. If not, it's time to fit your vehicle with the right tires for your driving plans.
- Spare replacement:** Your safety depends on a reliable spare tire. When was the last time you checked the spare tire? Take a peek if the answer is "never" or "I can't remember." Safety experts recommend replacing the tire if you see any cracks in the rubber.
- Tire pressure:** Tires lose air every month. If you haven't checked air pressure since fall, have them inspected and re-inflated.
- Chips and cracks:** Did your windshield encounter an object such as pebbles or other road debris?
- Drips and leaks:** Things tend to get jarred loose over the rough winter months. Freezing and thawing cycles also can cause problems with seals and connectors. If you notice any leaks or drips, get them inspected right away.
- Fluid reservoirs:** You likely used your windshield washing fluid frequently this past winter. Top off the fluid and check the coolant reservoir as well.
- Alignment:** If you encountered potholes or curbs in the colder months, they could ruin your tires in the warmer months. An alignment inspection will help straighten out problems and extend the life of your tires.
