MANAGER'S MINUTE

While it seems like summer just started, we have to start thinking about our kids getting ready to go back to school. It is an exciting time when they get to back and see all their old friends and make new ones, either at the same school or, better yet, when they are moving up to a higher level. Not only do we have to think about school supplies and new clothes, but also the fact that we need to keep a sharp eye out for the little ones who are still thinking about summer. They aren't always easy to see, so we have to pay a little extra attention ourselves!

And for many of the older ones, this will be their first time driving. The #1 cause of accidents by teenage drivers is distractions! Here are a few safe driving tips for teenage drivers:

1. Limit the number of passengers. The likelihood of an accident goes up significantly with every passenger in the vehicle.
2. Don't talk or text on your cell phone while driving.
3. Don't eat while driving.
4. Be sure to learn the radio and other vehicle controls.
5. Drive the speed limit!!
6. Don't ignore vehicle warning signs, such as vibrations, warning lights, noises, etc.
7. Always have good visibility - keep the windows clean and clear of obstructions.

P.S. Congratulations to Mike W for winning our Father's Day Grill!! Happy Grilling!!

See You Soon! -Mark
