 We Think You Are AWESOME!

Thanks for the Kind Words!
"I've had great experiences with Yeck's, and they were recommended by my boyfriend who has also had good experiences. They are very trustworthy and let you make your own decisions about what you want to get done. They also priced out possible future repairs. Helped me decide to get work done on my vehicle vs. going through the process of buying a new car. Thank you, Yeck's, for the great service!"

JUNE 2026

CLIENT NEWSLETTER

MANAGER'S MINUTE

One of the most neglected items we see on any vehicle is the cabin air filter. This filter is just like the one in your home – it cleans the air and helps trap allergens, bacteria, dust, bugs and other debris. A dirty or clogged cabin air filter can cause you to breathe in dangerous fumes and particles, not to mention it will impair air flow which can cause interior heating and cooling problems. We recommend replacing every 12,000–15,000 miles.

I would also like to wish any and all fathers a VERY Happy Father's Day! Do not forget to come by and register to win the gas grill we are giving away in June!!

See you soon!

RANDOM FACTS

FASTEST CAR: The Bugatti Chiron Super Sport 300+ holds the record for the fastest production car, reaching a top speed of 304 mph!

FIRST TRAFFIC LIGHT: The first electric traffic light was installed in 1914 in Cleveland, Ohio, and had only two colors: red and green!

LARGEST CAR MARKET: China is currently the largest automotive market in the world, with millions of vehicles sold each year.

CAR COLORS: Studies show that white is the most popular car color globally, making up about 38% of all vehicles sold!

THE FIRST AUTOMOBILE: Did you know that the first gasoline-powered automobile was invented by Karl Benz in 1885? The Benz Patent-Motorwagen is considered the world's first true automobile, revolutionizing transportation.

SAFETY INNOVATIONS: Modern vehicles are equipped with advanced safety features such as automatic emergency braking and lane departure warnings. These technologies have contributed to a significant drop in accident rates over the past decade.

MANCAKES

Start Dad off with these sweet and savory pancakes with the bacon built right in. "Sweet/savory hybrids can be tricky sometimes but I think this worked beautifully," says Chef John. "We are talking about bacon, cheese, and onions after all, so it wasn't that big of a shock. The way the chipotle-spiced maple syrup brought everything together was a risk well rewarded."

INGREDIENTS

- | | | |
|--------------------------------------|---|---|
| • 8 ounces bacon, chopped | • 1 pinch cayenne pepper | • 1 cup warm |
| • 1/2 cup thinly sliced green onions | • 1 1/2 cups milk | maple syrup, or to taste |
| • 1 1/4 cups all-purpose flour | • 2 ounces sharp cheddar cheese, grated | • 1/8 teaspoon chipotle chile powder, or to taste |
| • 3/4 cup cornmeal | • 2 large eggs, beaten | • 1 teaspoon vegetable oil |
| • 1 tablespoon baking powder | • 2 tablespoons butter, melted | • 1 teaspoon butter |
| • 3/4 teaspoon salt | • 1 tablespoon white sugar | |
| • 1 pinch ground black pepper | | |

DIRECTIONS

1. Gather all ingredients.
2. Cook bacon in a large skillet over medium-high heat, stirring occasionally, until evenly browned, about 10 minutes. Off heat, stir green onions into bacon; sauté in hot drippings until slightly softened, 1 to 2 minutes. Transfer bacon mixture to a strainer; drain. Reserve drippings.
3. Whisk flour, cornmeal, baking powder, salt, black pepper, and cayenne pepper together in a large bowl; whisk in drained bacon mixture, milk, cheddar cheese, eggs, melted butter, and sugar until batter is smooth. Let batter rest for 10 minutes.
4. Whisk maple syrup and chipotle chile powder together in a small bowl until chile powder is completely dissolved.
5. Heat 1 teaspoon reserved drippings, 1 teaspoon oil, and 1 teaspoon butter on a griddle over medium-high heat. Drop 1/4 cupful of batter per mancake onto the griddle; cook until bubbles form and edges are dry, 3 to 4 minutes.
6. Flip; cook until browned on other side, 2 to 3 minutes. Repeat with remaining batter.
7. Transfer mancakes to a plate; top with maple syrup.

CAR CARE TIPS FOR HOT WEATHER

1. **CHECK THE COOLING SYSTEM:** Ensure your radiator is full and the coolant is in good condition to prevent overheating.
2. **MONITOR TIRE PRESSURE:** Hot weather can increase tire pressure, so check and maintain it at the recommended levels to avoid blowouts.
3. **INSPECT THE BATTERY:** High temperatures can shorten battery life. Check for corrosion and ensure connections are tight.
4. **USE SUNSHADES:** Protect your interior by using sunshades when parked. This helps keep the cabin cooler and prevents dashboard fading.
5. **STAY HYDRATED:** Always keep water in your car for yourself and your passengers, especially on long trips.
6. **CHECK WIPER BLADES:** Hot sun can damage wiper blades. Make sure they're in good condition for unexpected rain.
7. **REGULARLY WASH YOUR CAR:** Dirt and debris can damage your car's paint. Regular washes help protect the finish from the sun's rays.
