Yeck's Tire & Auto
HOME OF THE FREE LOANER CAR! since 1975
Voted Best Auto Repair in Sarpy County!

203 FORT CROOK RD. N
BELLEVUE, NE 68005
402-383-5843

THANKS
FOR THE KIND WORDS
★★★★★
*"Had a blown plug cylinder that had previously been 'fixed' by a different shop with a Heli*coil and so was unsure if it could be refixed or if I had to get a new head. Yeck's was able to gain an extra half inch of threading for a new Heli*coil sleeve and then used a plug with extra threads to secure. Happy with Yeck's, not happy with Ford." James C., Bellevue*

JANUARY DAYS & DATES

- 1/1 • New Year's Day
- 1/16 • Martin Luther King Day
- 1/22 • Chinese New Year

JANUARY IS...

- National Eyecare Month
- National Blood Donor Month
- National Soup Month
- National Hobby Month

ABOUT JANUARY...

January is the first month of the year in the Julian and Gregorian calendars and is also the first of seven months to have a length of 31 days. It is, on average, the coldest month of the year within most of the Northern Hemisphere (where it is the second month of winter) and the warmest month of the year within most of the Southern Hemisphere (where it is the second month of summer). In the Southern hemisphere, January is the seasonal equivalent of July in the Northern hemisphere and vice versa.

- Here's a few light-hearted thoughts to help get you in the proper mood for what's going to be a fantastic new year...
- A New Year's resolution is something that goes in one year and out the other.
 - My 2023 resolution is for everyone else to gain the 20 pounds I refuse to lose.
 - In 2023, may your neighbors respect you, troubles neglect you, angels protect you, and heaven accept you.
 - Dear God, my prayer for 2023 is a FAT bank account and a THIN body. Please don't mix them up again like you did last year.
 - This New Year's I resolve to be less awesome since that is really the only thing I do in excess.
 - May all your troubles last as long as your New Year resolutions, and remember... Keep the smile, leave the tear, Hold the laugh, leave the pain, think of joy, forget the fear, Be joyous, all, because it's a New Year

Mother Nature is always keeping us on our toes. With the threat of winter weather, it pays to be prepared. These tips will help ensure you're ready when the wind whips and ice and snow accumulate.

Prepare in advance of severe weather by having emergency supplies on hand:

- Fully-charged cell phones, laptops and tablets.
- Car charger to charge devices if your power is out.
- Flashlight, portable radio and extra batteries.
- Hard-wired phone to report an outage or emergency. A plain, hard-wired phone can operate on power delivered through the phone line.
- Extra blankets or a sleeping bag for each person.
- First-aid kit.
- Medications and other personal health care items for each person.
- Emergency supply of bottled water and/or fill your bathtub with fresh water.
- Supply of convenience foods that do not require cooking. Don't forget the can opener!

If you should lose power, manage through safely by following these tips:

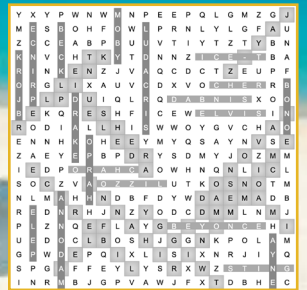

- If you're using a backup generator for emergency power, follow the manufacturer's instructions and use it safely.
- Keep refrigerator and freezer doors closed. These appliances are well insulated, so food will keep for several hours if doors are closed as much as possible.
- Use a flashlight or battery-powered lantern for light. Use care when burning candles; open flames are a dangerous fire hazard.
- To safeguard your equipment and appliances – and to ease the initial load when power is restored – turn off or unplug televisions, VCRs, DVD players, stereos, computers and appliances that use electric motors, such as refrigerators, freezers or air conditioners, until power is restored. Leave an incandescent light on so you know when the power comes back on.
- DO NOT use gas stoves, charcoal grills or other open-flame heat sources for warmth. Deadly carbon monoxide gas – which is odorless and invisible – may build up in your home without you realizing it.

TOTALLY TRIFLING TRIVIA!

Do you know what area of planet Earth gets to celebrate the New Year first? The answer is Christmas Island, Kiribati! Christmas Island, part of the island nation of Kiribati near American Samoa in the South Pacific, will be the first place to celebrate the 2023 New Year. Christmas Island is just west of the International Date Line, meaning the Earth's rotation moves it into the new day first. Other countries follow as the dawn of the new day moves west.

EGG & SAUSAGE CASSEROLE

Ingredients

- 1 pound pork sausage
- 2 cups shredded mozzarella cheese
- 1 (8 ounce) package refrigerated crescent roll dough
- 2 cups shredded Cheddar cheese
- 1 teaspoon dried oregano
- 8 eggs, beaten

Directions

1. Place sausage in a large, deep skillet. Cook over medium-high heat until evenly brown. Drain, crumble, and set aside.
2. Preheat oven to 325 degrees F. Lightly grease a 9x13 inch baking dish.
3. Line the bottom of the prepared baking dish with crescent roll dough, and sprinkle with crumbled sausage. In a large bowl, mix beaten eggs, mozzarella, and cheddar. Season the mixture with oregano and pour over the sausage and crescent rolls.
4. Bake 25 to 30 minutes in the preheated oven, or until a knife inserted in the center comes out clean.
