ABOUT JUNE...

June, named after Juno, the goddess of marriage, is the 6th month of the year, & is one of the 4 months with a length of 30 days. Just like the month of May, no other month begins on the same day as June. June is also the month with the longest daylight hours of the year.

JUNE DAYS & DATES...

6/5 World Environment Day
6/6 D-Day Anniversary
6/14 Flag Day
6/20 Father's Day
6/20 1st Day of Summer

JUNE IS...

✓ National Zoo & Aquarium Month
✓ National Dairy Month
✓ National Candy Month
✓ National Safety Month

JUNE 2021

Things You Auto Know...

Are You an Auto Detective?

Sometimes finding that weird, intermittent problem can be challenging & often frustrating, to say the least. That's where you can become an Auto Detective! Start with the basics: **What, Where and When?** You come in and your car is making a funny sound. **Where's the sound?** Around the right front. **What kind of sound?** Kind of a clunk, clunk sound. **When do you hear it?** When I turn & accelerate. Right and left?

Forward & back?

You see where I'm going – gathering additional information & making notes can give us a logical place to start. You can see how this is much more helpful than just leaving a note that says "making a funny noise".

We need to be able to duplicate the symptoms if possible. Your service advisor needs to know details, like, "It stalls after it's been driven for about 20 minutes & I go over 50 mph." Having all the information & the tech is able to personally experience the problem will help him test & resolve the issue.

See You Soon! – Mark

DON'T SPEND YOUR VACATION ON THE SIDE OF THE ROAD!

A simple driveway inspection can give motorists peace of mind and save them from the inconvenience of a roadside breakdown, according to the National Car Care Council.

"No one wants to experience car trouble while on vacation," says Rich White, Executive Director. "A simple vehicle inspection can help avoid the inconvenience and potential safety hazards of breaking down many miles away from home. In just 10 minutes, drivers can make sure their car is ready for travel and then take steps to have any problems fixed before heading out for vacation."

Right in their own driveway, motorists can identify how road ready their vehicle is before hitting the road:

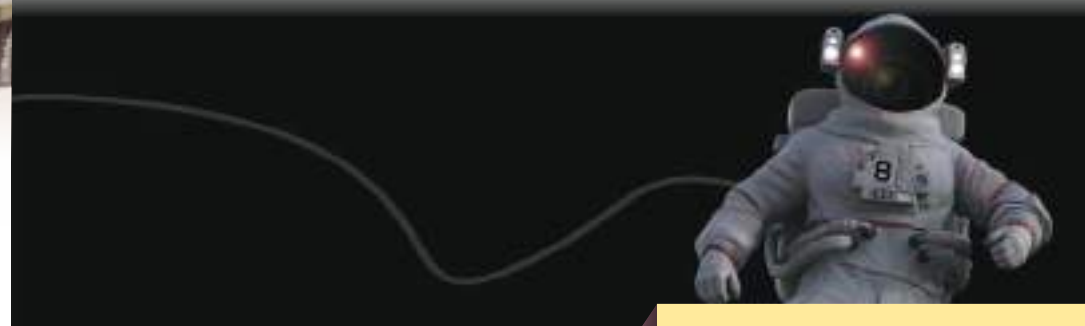

- Check all fluids, including engine oil, power steering, brake & transmission fluids, as well as windshield washer solvent and antifreeze/coolant.
- Check the hoses and belts that can become cracked, brittle, or frayed. These are critical to the proper functioning of the electrical, air conditioning, power steering & cooling systems of your car.
- Check the tires, including tire pressure and tread. Uneven wear indicates a need for alignment. Tires should also be checked for bulges and bald spots.
- Check the wipers and lighting so that you can see and be seen. Check that all interior and exterior lighting is working properly and inspect and replace worn wiper blades.

The Car Care Council also recommends that motorists restock their emergency kit and consider a tune-up to help the engine deliver the best balance of power and fuel economy.

JUNE IS NATIONAL SAFETY MONTH

JUNE 3RD 1965 - FIRST AMERICAN TO WALK IN SPACE

On June 3, 1965, Ed White became the first American to walk in space. The spacewalk started on his third orbit when White opened the hatch & used the hand-held oxygen-jet maneuvering gun to push himself out of the capsule at 3:45 p.m. EDT. The EVA started over the Pacific Ocean near Hawaii and lasted 23 minutes, ending over the Gulf of Mexico.

JUNE 6TH 1944 - D-DAY

On June 6, 1944, Allied soldiers bravely stormed the beaches of Normandy, France. The Normandy beaches were chosen because of the range of air cover, and it was shortest distance from Great Britain. As dawn broke, the largest armada ever assembled began its assault on the five beaches of Normandy. By the end of the day, the German built Atlantic Wall had fallen and the invasion was a success. The events of D-Day forged partnerships and reinforced trans-Atlantic bonds that remain strong today.

*Thanks for the
Kind Words!*

★★★★★

"I have been coming to Yeck's for years to get my Kia serviced and they are consistently amazing, on time, affordable, and honest. I recently bought a Subaru and took it to them for a new car inspection and was so impressed with the process: there's a link to show you exactly what they did, with pictures, and if there are any flags to take care of right away. Very lucky to have Yeck's so close by. Special shout out to Staci and Molly who really make you feel like family."
-Adrienne Alcoba, Bellevue

JUNE 5TH - WORLD ENVIRONMENT DAY!

World Environment Day (WED) is celebrated on the 5th of June every year. It's a day when communities and countries all over the globe spread awareness about conserving nature and reducing the negative effects on the environment through various public campaigns and events. The event also encourages the public to participate in World Environment Day activities and do their bit towards protecting and preserving the environment.

For more info visit www.worldenvironmentday.global.

GET OUT ON THE GRILL THIS JUNE!

Summertime Shortcut BBQ Ribs

• 1 Rack Baby Back Ribs (about 3 lbs.)	• 3 tbsp. Brown Sugar
• Kosher Salt	• 2 tsp. Smoked Paprika
• Freshly Ground Black Pepper	• 1 c. Barbecue Sauce
• 4 Garlic Cloves, minced	

Directions

1. Preheat grill over medium-high heat. Cut ribs into 3 sections.
2. Add to a large pot filled with enough water to cover ribs. Add about 1 tablespoon salt, bring to a boil and simmer for 20 minutes. Drain ribs and place on sheet pan. Dry well with paper towels.
3. Meanwhile make spice rub. Combine garlic, brown sugar, paprika, 1 teaspoon salt, and 1/2 teaspoon black pepper in a small bowl. Spoon the mixture onto the ribs and rub all over with hands.
4. Place ribs on grill or grill pan and cook for 10 minutes, turning halfway through. Brush barbecue sauce on ribs and cook for 1 minute more until lightly charred. Serve ribs with barbecue sauce.
