# September 2021

## ABOUT SEPTEMBER...

- As the 9th month of the year, September marks the beginning of autumn in the northern hemisphere (and the start of spring in the southern). Traditionally considered the month that marks transitions between seasons, it is often one of the most temperate weather-wise.
- The name September comes from the Latin 'septem', meaning seven, since it was the seventh month of the Roman calendar, which began with March.
- There are 30 days in the month of September, which starts on the same day of the week as December each year but does not end on the same day of the week as any other month in the year.
- September has 3 birth flowers... the Forget-Me-Not, the Morning Glory, & the Aster. Forget-Me-Nots represent love & memories, asters represent love as well, & the Morning Glory represents unrequited love.
- The birthstone for the month is the Sapphire.

## Things You Auto Know

### Mark's Minute

As I was pondering what I wanted to say in this month's Mark's Minute, I did some looking online. While most everyone relates September to Labor Day and the ending of Summer, I was amazed on how many different "Special" days there is in September. From American Chess Day on the 1st to National Love People Day on the 30th. Throw in National Cheese Pizza day on the 5th, Patriot Day on the 11th, Talk like a Pirate Day on the 19th and National Pancake Day on the 26th, there is practically a day commemorating just about anything you can think of. The main thing is that no matter what day it is, we will be here to help you in case you need us. We have been serving the Bellevue Community for over 46 years and do not plan on going anywhere anytime soon. If you do happen to need any type of automotive repair or maintenance, just call us and we will do our utmost best to get you taken care of.

See You Soon! - Mark Lowe

### SEPTEMBER DAYS & DATES...

- 9/6 - Labor Day
- 9/11 - Patriot Day
- 9/12 - Grandparents Day
- 9/21 - International Peace Day
- 9/22 - Autumn Begins

*Congratulations!*

# UNDER PRESSURE? YOUR TPMS DASHBOARD LIGHT LETS YOU KNOW!

Newer model vehicles are equipped with a tire pressure monitoring system (TPMS) to warn drivers that at least one of their tires is underinflated. The dashboard light looks like an exclamation point inside of a horseshoe and, if illuminated, should be addressed immediately, says the non-profit Car Care Council.

"When the TPMS light goes on, it should not be ignored. Driving on underinflated tires can lead to an accident or cause damage to your vehicle," said Rich White, Executive Director of the Car Care Council. "As part of a proactive auto care plan, tire pressure should be checked monthly, including the spare, as tires can lose pressure due to a number of factors, including seasonal temperature changes."

All vehicles manufactured after September 2007 feature a tire pressure monitoring system. When the TPMS warning light comes on, it means pressure in at least one of the tires has fallen 25 percent under the recommended pressure. Low tire pressure can be due to a number of factors, including climate, road hazards and driving conditions. Once the tires are inflated to the correct pressure as outlined in the owner's manual, the warning light should go off. However, some vehicles may require a professional service technician to reset the light.

Tires that are not properly inflated also add rolling resistance that makes the engine work harder to move the vehicle. This can lead to lower gas mileage and potential damage to the vehicle.

"In addition to safety concerns, underinflated tires can cost you more at the pump," said White. "Simply inflating tires to the proper level can improve gas mileage by 3.3 percent or 10 cents per gallon!" [www.carcare.org](http://www.carcare.org)

## SEPT 3RD - WORLD SKYSCRAPER DAY

World Skyscraper Day takes place on September 3rd, in honor of Louis H. Sullivan's birthday (1856), the architect credited with the first skyscrapers.

Because of Sullivan's remarkable accomplishments in design & construction at such a critical point in architectural history, he has been described as the "father" of the American skyscraper.

## CELEBRATE GRANDPARENT'S DAY!

On the first Sunday after Labor Day, we celebrate National Grandparent's Day! This year the date falls on September 12. Like Mother's Day and Father's Day we also have a whole day dedicated to our grandparents! Grandparents and children have a special connection that is proven to both make grandparents live longer, and also make children more emotionally resilient. Grandparent's Day is an opportunity to treasure that connection and spend some quality family time together.

Thanks for the  
Kind Words!

★★★★★

"For over 35 years I have relied on Yeck's and when I had an emergency, they didn't disappoint. They got a tow truck to my car and hauled it in and without fail they called to discuss their findings, prioritize what was needed immediately and what could wait a bit. They gave me an estimate of the cost and not only hit the estimate but found a coupon that brought the final cost down \$25. They didn't have to do that, but this is how the Yeck's Team rolls! Thank you Mark for your service and for the excellent business model you have built. Thank you Stacy and Molly for all that you did to get my vehicle handled. THANKS' YECK'S SERVICE FOLKS!!!"  
- Sheila E., Bellevue

## SEPT 11TH - OBSERVE PATRIOT DAY!

In the United States, Patriot Day, observed as the "National Day of Service and Remembrance", occurs on September 11 of each year in memory of the people killed in the September 11 attacks of 2001. In the immediate aftermath of the attacks, President George W. Bush proclaimed Friday, September 14, 2001, as a National Day of Prayer and Remembrance for the Victims of the Terrorist Attacks on 9/11.

A bill to make September 11th a national day of mourning was introduced in the U.S. House on October 25, 2001, by Rep. Vito Fossella (R-NY), with 22 co-sponsors, among them 11 Democrats and 11 Republicans. The bill requested that the President designate September 11 of each year as Patriot Day. Joint Resolution 71 passed the House by a vote of 407-0, with 25 members not voting. The bill passed the Senate unanimously on November 30th & President Bush signed the resolution into law on December 18th. On September 4, 2002, President Bush used the authority of the resolution to proclaim September 11, 2002, as the first Patriot Day.

## Tasty Peach Cobbler!

### Ingredients

- 4 cups peaches, ripe, peeled, pitted and sliced
- 1/2 cup sugar
- 2 tablespoons cornstarch
- 1/2 cup butter unsalted, cut into cubes
- 1 cup all-purpose flour all purpose
- 1 tablespoon baking powder
- 1 tablespoon lemon zest
- 1 tablespoon lemon juice
- 1/4 teaspoon salt
- 1/2 cup sugar granulated
- 1 large egg
- 1 teaspoon vanilla extract
- 1 cup milk

### Directions

- Step 1- Begin by preheating your oven to 375 degrees F.
- Step 2- To make the filling, add peaches, sugar, cornstarch, lemon zest, and lemon juice to a medium-sized saucepan. Bring the mixture to a simmer for 5 minutes. Stir continuously until the peaches start to soften.
- Step 3- Melt the butter by placing the cubes in a 9x9 baking dish and putting it into the preheated oven until the butter has melted.
- Step 4- To create the cobbler batter, add the flour, baking powder, salt, sugar, egg, vanilla, and milk to a bowl and whisk until the flour is just combined.
- Step 5- Pour the peaches into the baking dish over the melted butter and pour the batter evenly over the peaches.
- Step 6- Bake in the oven for 40-45 minutes or until the cobbler is a nice, golden brown. Serve immediately with some ice cream.
