AUGUST 2021 Client Newsletter

Mark's Minute

While it seems like summer just started, we have to start thinking about our kids getting ready to go back to school. It is an exciting time when they get to back and see all their old friends and make new ones either at the same school or better yet, when they are moving up to a higher level. Not only do we have to think about school supplies and new clothes, but the fact that we need to keep a sharp eye out for the little ones who are still thinking about summer – they aren't always easy to see! So we have to pay a little extra attention ourselves...

And for many of the older ones, this will be their first time driving. The #1 cause of accidents by teenage drivers is distractions! Here are a few safe driving tips for teenage drivers:

1. **Limit the number of passengers. The likelihood of an accident goes up significantly with every passenger in the vehicle.**
2. **Don't talk or text on their cell phone while driving.**
3. **Don't eat while driving.**
4. **Be sure to learn the radio and other vehicle controls.**
5. **Drive the speed limit!!**
6. **Don't ignore vehicle warning signs, such as vibrations, warning lights, noises, etc.**
7. **Always have good visibility – keep the windows clean and clear of obstructions.**
8. **If you are a golfer or just want to help, call us at the shop for more details.**

See You Soon! - Mark Lowe

AUGUST IS "BRAKE SAFETY AWARENESS MONTH"

When it comes to vehicle safety, your brake system is at the top of the list. "Brake Safety Awareness Month" is the perfect time to have your brakes inspected to make sure they are in safe working condition before school starts & cold weather hits, says the non-profit Car Care Council.

"A properly operating brake system helps ensure safe vehicle operation & control under a variety of driving conditions," says Rich White, Executive Director. "Motorists can put a stop to any potential brake system problems by recognizing the signs & symptoms that their brake system may need maintenance or repair."

If your car is pulling to the left or right, or if you hear odd noises when you apply the brakes, you should inspect your brakes. Other warning signs include an illuminated brake warning light, brake grabbing, low pedal feel, vibration, hard pedal feel & squealing.

Moreover, brakes are normal wear & tear items for any car & eventually will need replacing. For routine maintenance, check your vehicle's braking system at least once a year. A thorough inspection should include the following: brake lining wear, brake fluid level, rotor thickness, condition of hoses & brake lines, and brake & dash warning lights. And most importantly, taking the car for a test drive to detect other potential brake system problems.

Never put off routine brake inspections or any needed repair, such as letting the brakes get to the "metal-to-metal" point, which can be potentially dangerous and lead to a costlier repair bill!

AUGUST 1ST IS NATIONAL FRIENDSHIP DAY!

Just like the name sounds, it's a day to honor and celebrate our friends. In the United States, Friendship Day is celebrated on the first Sunday in August.

Of course one of the best ways to spend any day is to hang out with friends. Be smart, and stay safe. Good friends can be one of the great joys in life. National Friendship Day is a great time to let your friends know how much they mean to you!

Thanks for the Kind Words!

"I have been coming to Yeck's for years to get my Kia serviced and they are consistently amazing, on time, affordable, and honest. I recently bought a Subaru and took it to them for a new car inspection and was so impressed with the process: there's a link to show you exactly what they did, with pictures, and if there are any flags to take care of right away. Very lucky to have Yeck's so close by. Special shout out to Stacy and Molly who really make you feel like family."

- Adrienne A, Bellevue

NOW YOU KNOW...

The United States Coast Guard is much older than many Americans realize. It was founded on August 4, 1790, by Treasury Secretary Alexander Hamilton & was known back then as the Revenue Marine. Hamilton authorized the construction of ten vessels known as Revenue Service cutters, which were intended to enforce the earliest United States tariff laws. In 1915, President Woodrow Wilson signed an act of Congress into law that combined the Revenue Marine with another agency known as the United States Life-Saving Service with the intent of having a single entity responsible for maritime law enforcement & life-saving. The merger was accompanied by a change of name to the United States Coast Guard.

SUMMER GRILLIN' ISN'T OVER!

Best Pork Marinade Ever!

Ingredients

- 1/2 cup olive oil
- 1/3 cup soy sauce
- 1/4 cup red wine vinegar
- Juice of 1 lemon
- 1 lb pork tenderloin or pork chops

Directions

Combine all marinade ingredients. Place the pork tenderloin & marinade in a Ziplock bag & let marinate for at least 3-4 hours. Grill pork for about 20 minutes or until the internal temperature reaches 165 degrees. What flavor!
