FEBRUARY 2021

February was named after the Latin "februum", which means purification...

Relating to the purification ritual "Februa" from the old lunar Roman calendar. The shortest month of the year, it is the only month to have a length of less than 30 days.

February Days & Dates:

2/2 - Groundhog Day
2/7 - The Big Game
2/12 - Chinese New Year
2/14 - Valentine's Day
2/15 - Presidents' Day
2/16 - Mardi Gras

February Is...

✓ Black History Month
✓ American Heart Month
✓ National Bird Feeding Month
✓ National Dental Health Month
✓ International Friendship Month

BRAKES FOR KIDS

Dear Neighbor,

February 1st marks the beginning of our annual Brakes for Kids charity event. This means that from February 1st through March 31st, you get FREE brake pads or shoes with any brake repair. Even better, 10% of all brake repair proceeds are donated to benefit St. Jude Children's Research Hospital.

St. Jude Children's Research Hospital, located in Memphis, Tennessee, is one of the world's premier pediatric cancer research centers. The mission of St. Jude's is to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment. Consistent with the vision of founder Danny Thomas, no child is denied treatment based on race, religion, or a family's ability to pay.

So, call or stop in today to schedule a FREE brake inspection. If you should need brakes, not only will you save a lot of money, you'll be helping children and families in need.

I look forward to seeing you soon,

Mark K. Lowe

PRESIDENTS' DAY...FEBRUARY 15TH!

The story of Presidents' Day begins in 1800.

Following the death of George Washington in 1799, his February 22nd birthday became a perennial day of remembrance. While Washington's Birthday was an unofficial observance for most of the 1800s, it was not until the late 1870s that it became a federal holiday.

The shift from Washington's Birthday to Presidents' Day began in the late 1960's, when Congress proposed a measure known as the Uniform Monday Holiday Act. This law sought to shift the celebration of several federal holidays from specific dates to a series of predetermined Mondays. The proposed change was seen by many as a novel way to create more 3-day weekends for the nation's workers, and it was believed that ensuring holidays always fell on the same weekday would reduce employee absenteeism. While some argued that shifting holidays from their original dates would cheapen their meaning, the bill also had widespread support from both the private sector and labor unions and was seen as a surefire way to bolster retail sales.

So, is it "Presidents' Day," or "President's Day," or "Presidents Day?"

Presidents' Day is not actually the name of the official Federal holiday. It is actually Washington's Birthday but most of us call it Presidents' Day or Presidents Day, which can lead to confusion. The good news is all the different versions of spelling Presidents' Day are considered correct by all dictionaries.

"Presidents' Day," in the plural possessive, is the form recommended by The Chicago Manual of Style. Perhaps the most popular form, it indicates a holiday celebrating Washington and at least one other president.

February 2nd Groundhog Day

Groundhog Day is a popular observance in many parts of the United States. Although some states have adopted their own groundhogs, the official groundhog, Punxsutawney Phil, lives at Gobbler's Knob near Punxsutawney, PA.

News reporters, locals, & visitors meet at Gobbler's Knob on February 2nd each year to await Phil's appearance & his weather prediction!

★★★★★

"Weird things were happening under the hood of our vehicle, so I needed an expert to diagnosis and repair it. So I got an appointment with the best place around, Yeck's Tire & Auto. I dropped off the vehicle, they figured it out, Steve discussed the repairs and the next day it was ready for pick up, best it has ever ran. Great service, professional quality repairs, fair and honest pricing, exceptional service every time. Thank you Team Yeck!"

- Larry Eurich, Bellevue

Manager's Minute

Tire Rotation & What You Need to Know...

You can make your tires last longer with regular tire rotations. In normal driving, your front tires wear more on the shoulders because they handle much of the cornering forces in turns.

We rotate the tires so that all the tires do some duty on the front end as well as getting a little break on the back end. That way, all 4 tires wear more evenly over their life and last longer.

For most vehicles, tires are rotated front to back. Some manufacturers recommend a cross rotational pattern that includes the spare tire and some high-performance vehicles have different size tires on the front and rear and may even have uni-directional tires that can only be on the left or right side of the vehicle. We can help you sort out and will perform the correct tire rotation for your vehicle.

Tire manufacturers recommend rotating your tires somewhere around 6,000 to 9,000 miles.

See You Soon! - Mark
