

# Easy As Pie!

It isn't all about pumpkin... Here's a fun puzzle to work on after finishing off all that turkey. Don't doze off before you're done!

DIRECTIONS- Find and circle the different kinds of pie in the grid. Look for them in all directions including backwards and diagonally.

BELLEVUE, NE 68005  
**402-383-5843**

**Thank You for the Kind Words**

"This is a pretty amazing place. Super nice staff. I had my vehicle towed there and they were able to squeeze me in, drive me to and from work, and finished the job by the end of the day. My vehicle has been running smooth since then. They even applied a discount without me asking for one. I would definitely bring my SUV back for any future needs!" - Monte B., Bellevue

## Manager's Minute

In this month's Mark's Minute, in honor of Veterans Day, I want to say "THANK YOU" to all Military Veterans. There are sometimes questions about the difference between Memorial Day, Veterans Day, and Armed Forces Day. Memorial Day is to honor the service men and women that lost their lives serving this country. Veterans Day is to celebrate and appreciate the veterans that served and Armed Forces Day is to honor those currently serving or about to start their service. "A Veteran is someone who at some point in their life wrote a blank check made payable to the United States of America for an amount of up to and including their life." To those who have served, THANK YOU from the bottom of my heart!

See You Soon,

*Mark*

**REMEMBER the DIFFERENCE**

**VETERAN'S DAY**  
Honors the living who once served in the Armed Forces.

**MEMORIAL DAY**  
Honors those who died in service to our Nation.

**ARMED FORCES DAY**  
Honors those currently serving in the Armed Forces.

**Black Friday SALE**

## NOVEMBER IS AVIATION HISTORY MONTH!

Here's a few fun facts about flying ...

- **CO-PILOTS EAT A DIFFERENT MEAL:** One rule which is common to the vast majority of commercial airlines is that pilots must be fed the same multi-course meal given to those in first class. Co-pilots are encouraged to eat different entrees to mitigate the risk of all pilots getting food poisoning.
- **THE BOEING 747 HAS SIX MILLION PARTS:** The Boeing 747 is the most well-known wide-body commercial airliner and cargo transport aircraft in the world. This jumbo jet is recognized as the first huge body aircraft ever manufactured.
- **80% OF THE POPULATION HAS A FEAR OF FLYING:** The fear of heights is called acrophobia whereas aerophobia is the fear of flying.
- **THE WORLD'S BUSIEST COMMERCIAL AIRPORT:** The busiest commercial airport in the world is the Hartsfield-Jackson Airport (ATL) in Atlanta. The airport averages over 260,000 passengers every day.
- **ONLY 5% OF THE WORLD'S POPULATION HAVE BEEN ON AN AIRPLANE:** This one may seem like a shocker, but the number is skewed because many people, especially from underdeveloped regions, have never had the opportunity to fly. At the same time, a small minority of the world's population flies regularly.
- **THE WORLD'S MOST FREQUENT FLYER:** Chicago resident Tom Stuker, a sales trainer for automobile dealerships around the world, has logged over 1,000,000 miles in a single year, all in first class. Overall, he has traveled over 10 million miles!

## HAPPY Thanksgiving

### November Days & Dates

**Yeck's Tire & Auto  
is an Official Toys for Tots  
Drop-off Location.**

## NOVEMBER IS CHILD SAFETY & PROTECTION MONTH

Child Safety & Protection Month was created to raise awareness about the potential dangers that children face each & every day.

Statistics from the Centers for Disease Control & Prevention Child Injury Report are a sobering reminder of the importance of this issue. It found that an estimated 9.2 million children annually had an initial emergency department visit for an unintentional injury. Furthermore, on average, 12,175 children 0 to 19 years of age die each year in the United States from an unintentional & often preventable injury.

**Safety Starts At Home!** To take a look at the different ways to promote national child safety protection month within our homes & communities, visit the children's bureau website at [www.all4kids.org](http://www.all4kids.org)

### Classic Green Bean Casserole

• 1 lb. green beans, trimmed	• 8 oz. sliced mushrooms	• 2 cloves garlic, minced
• 6 tbsp. butter, divided	• Kosher salt	• 1/4 c. all-purpose flour
• 1 onion, sliced into half moons	• Freshly ground black pepper	• 3 c. whole milk
		• 1 1/2 c. fried onions

**Directions**  
Preheat oven to 350°. Prepare an ice bath: In a large pot of boiling water, add green beans and cook until bright green, about 6 minutes. With a slotted spoon or tongs, quickly transfer green beans to ice bath to cool, then drain and transfer to a large bowl. In a large ovenproof skillet over medium heat, melt 2 tablespoons butter. Add onion and cook, stirring occasionally, until tender, about 5 minutes. Add mushrooms and season with salt and pepper. Cook, stirring often, until mushrooms are golden, about 5 minutes more. Stir in garlic and cook until fragrant, 1 minute, then transfer mixture to green bean bowl. In same skillet over medium heat, melt remaining 4 tablespoons butter. Whisk in flour and cook until golden, about 2 minutes. Gradually whisk in milk and season with salt and pepper. Bring to a simmer and cook until thickened, about 4 minutes. Remove from heat, then add green bean mixture and toss until evenly combined. Bake until warmed through and bubbling, about 30 minutes. Top with fried onions and bake 5 minutes more.

High traffic volumes & unpredictable weather make Thanksgiving a stressful time to travel. According to the AAA, the number of Thanksgiving travelers will top 54 million, the highest travel volume in over a dozen years. While you can't control the traffic or the weather, you can make sure that your vehicle is prepared for the trip, says the non-profit Car Care Council. To minimize stress & avoid holiday road trip mishaps, the Car Care Council recommends checking the following items as part of a thorough pre-trip vehicle check.

- Check the brake system & make sure the battery connection is clean, tight & corrosion-free.
- Check filters & fluids, including engine oil, power steering & brake & transmission, as well as windshield washer solvent & antifreeze/coolant.
- Make sure heaters, defrosters & wipers work properly. Consider winter wiper blades & use cold weather washer fluid.
- Check the hoses & belts that can become loose, cracked, brittle, frayed or show signs of excessive wear.
- Check the tires, including tire pressure & tread. Tires should also be checked for bulges & bald spots. If snow & ice are a problem in your area, consider special tires designed to grip slick roads.

- Check that the gas cap is not loose, damaged or missing to prevent gas from spilling or evaporating.
- Check to see that exterior & interior lights work & headlights are properly aimed.

"If you're due for a tune-up, have it done before heading out for the holidays in order to improve engine performance & increase fuel economy," says Rich White, Executive Director, Car Care Council. "These simple steps will help keep you on the road & get you safely to your destination."
