SEPTEMBER 2022 CLIENT NEWSLETTER

MANAGER'S MINUTE

September is Healthy Aging Month, a national health initiative developed to help individuals think more positively about growing older.

So why not do the same for your car? It's a lot like you...

Go by the book – Get regular check-ups and make necessary "repairs" promptly.

Use the right stuff – Only put in what meets specifications; not doing so could result in damage leading to expensive repairs or worse...

Know what to look for – Problems can arise at any time and for inexplicable reasons. Know the warning signs.

Keep it clean – Do I really need to say more?

Seek out quality people – People you can develop a relationship with and trust; people that will get to know you, take care of you, and stand behind everything they do.

So, you see, your car is a lot like you...

See You Soon!

HERE'S WHY WE CELEBRATE LABOR DAY...

The modern holiday is widely traced back to an organized parade in New York City in 1882. Union leaders had called for what they had labeled a “monster labor festival” on Tuesday, Sept. 5, according to Linda Stinson, a former historian for the Department of Labor. Initially that morning, few people showed up, and organizers worried that workers had been reluctant to surrender a day’s pay to join the rally. But soon the crowds began flowing in from across the city, and by the end of the day some 10,000 people had marched in the parade & joined festivities afterward in what the press dubbed “a day of the people.”

When did it become an official holiday? The practice of holding annual festivities to celebrate workers spread across the country, but Labor Day didn’t become a national holiday for more than a decade. Oregon became the first state to declare it a holiday in 1887. Under President Grover Cleveland, and amid growing awareness of the labor movement, the first Monday in September became a national holiday in 1896.

SEPTEMBER IS NATIONAL POTATO MONTH

CHICKEN, POTATO + BISCUIT CASSEROLE

• 2 lbs chicken breast tenders, chopped	• 1 teaspoon onion powder
• 1 (15-1/3 oz) box mashed potatoes	• 1 teaspoon pepper
• 1 (16-1/3 oz) pkg refrigerated buttermilk biscuits	• 2 (12 ounce) jars chicken gravy
• 1 teaspoon garlic powder	• 1 (10-14 ounce) bag frozen corn

1. Boil water in large pot. Chop chicken & add to pot. It's done when no longer pink. Strain.
2. Follow directions on box for mashed potatoes, or make your own from scratch. Once potatoes are made, stir in some seasonings and butter to flavor.
3. Boil or steam corn.
4. In a large baking dish spread mashed potatoes (about 1/2 in thick), then spread corn & add some chicken spread evenly on top. Season to taste. Add some gravy evenly over all. Repeat these steps for second layer except this time after the gravy, add a layer of biscuits.
5. Bake according to biscuit package.
6. Heat up other jar of gravy & serve with gravy over top.
7. Eat and enjoy!

FALL IS AURORA SEASON

Sky watchers in the northern hemisphere look forward to autumn each year. That’s because autumn is “aurora season” there, according to NASA. Both spring and autumn are good times for observing auroras, but autumn is special because the nights are getting longer. The evening temps are pleasant and the auroras usually don’t disappoint. Autumn produces a boon of geomagnetic storms - about twice the annual average. When the Earth’s magnetic field vibrates in response to solar wind gusts, auroras are the result. These gusts produce the geomagnetic storms that give us the gorgeous auroras.

7 FALL DRIVING SAFETY TIPS

Fall is a time for hayrides, leaf raking & pumpkin picking. It’s also a time when road & weather conditions make getting there a little tougher. Stay safe on the road this season with these smart driving tips.

1. Don’t brake on leaves. Wet leaves can be as slippery as ice. Drive slowly through them & avoid hard braking.
2. Avoid sun glare. Near the autumnal equinox, the time right after sunrise & before sunset can make for more difficult driving due to sun glare. Grab a good pair of sunglasses & keep your windshield clean.
3. Use your rain smarts. When it’s raining, be sure to maintain a safe distance from the car in front of you. Use your low beams (never high beams) in fog conditions.
4. Be careful on bridges. Morning frost can leave icy patches on bridges, overpasses & shaded spots on the road. Slow down.
5. Adjust your eyes. We lose 1 to 2 minutes of daylight daily after the autumnal equinox. Give your eyes time to adjust to the dark.
6. Watch out for deer. Autumn marks the beginning of deer breeding season. Be extra watchful when driving near woods or deer crossing signs.
7. Make sure your vehicle is up to the task. That means you should check your tire pressure, replace your windshield wipers & adjust your headlights.

GOLF FOR VETS

OUR ANNUAL “GOLF FOR VETS” TOURNAMENT WAS A HUGE SUCCESS

WE WILL BE POSTING THE FINAL DONATION NUMBERS SHORTLY!

OBSERVE PATRIOT DAY - SEPTEMBER 11

On the direction of the President, the flag of the United States of America should be displayed on the homes of Americans, the White House and all United States government buildings world-wide. The flag should be flown at half-staff as a mark of respect to those who died on September 11, 2001. Many people observe a moment of silence at 8:46 AM EDT. This marks the time that the first plane flew into the World Trade Center. Some communities, particularly in the areas directly affected by the attacks, hold special church services or prayer meetings. People who personally experienced the events in 2001 or lost loved ones in them, may lay flowers or visit memorials.

FREE BELTS & HOSES!

The **LAST** thing you want is to be stranded by a broken belt or a blown hose. You could do **SERIOUS, EXPENSIVE** damage to your engine if it overheats!

All during September through October 15th!
