WE ❤️ OUR CLIENTS!

Do you want to see better at night?
The answer should always be yes.

28% of drivers have difficulty seeing hazards

and other drivers on the road at night. Vehicle headlight maintenance is often overlooked. We see it all the time in the

shop -- dirty, dull and broken lenses; burnt out bulbs. This is a simple maintenance check that drivers of all ages should prioritize -- you can take care of some of these things yourself. If you can see it sooner, you can react more quickly.

See You Soon! - Mark

Ford Celebrates One Millionth Mustang

March 2, 1966

The "working man's Thunderbird" made its automotive debut on April 17, 1964, at the World's Fair in Flushing Meadows, New York. Less than two years later, the one millionth Mustang – a white convertible – rolled off the Ford assembly line in Dearborn, Michigan. With an average price tag of \$2,300, the now iconic Mustang was as sporty as it was affordable. Roughly 500 Mustang clubs had already been formed by 1967. And while the Mustang has appeared in hundreds of American feature films, the first was in the James Bond movie, Goldfinger in September 1964.
